# THE SPIRE

*for 1951*

The time has come when we, the Senior class of '51, are about to leave the halls of Illiana. We are thankful for the foundations for a higher standard of life and conduct which have been laid for us here at Illiana. In order to preserve the memories and friendship between students and teachers during the past four years, we present this Spire which we believe will serve as a bond between Illiana and us.

## *We are thankful for*

Many quiet hours are spent in the library where students can study and select books. It is not unusual to find students pondering over books, composing compositions, or gathering material for round table discussions.

Each day the students and teachers gather in the chapel for a half hour of Christian fellowship. The services were varied by singspirations, guest speakers, and special musical numbers. Through these few moments of worship we were reminded daily of our duties as Christian youths.

Dear Graduates:

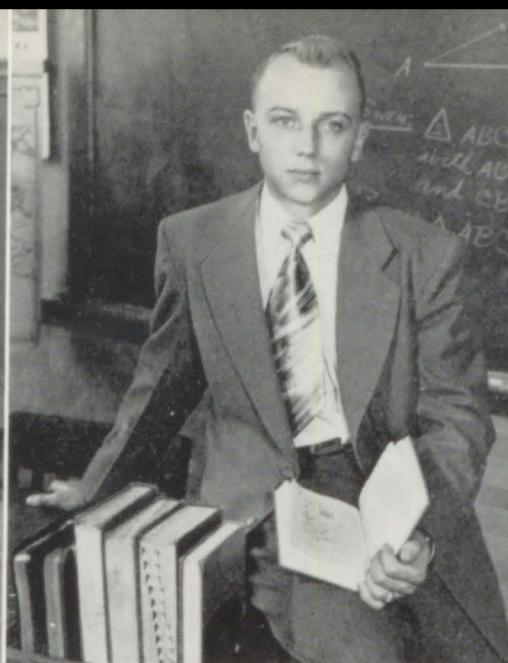

The faculty of Illiana joins me in extending to you our hearty congratulations. For four years we have worked together and, although the going has not always been calm and unruffled, we feel that the total impact of our associations has been decidedly favorable for all concerned.

Your four years at Illiniana have come to an end and you are leaving. We hope that these four years may prove to have been a fruitful training period that has qualified you somewhat to meet the demands of Christian living in a world that is largely hostile to the teachings of our Master. And as a final word of parting we would leave with you this injunction from Holy Writ: "Whatsoever ye do, do it heartily as unto the Lord, and not unto men."
